*Para la elaboración del Presente Ranking se toman los datos de los "Resultados Agregados puntajes promedio Saber 11 2018-2" publicados por el ICFES el 03 de noviembre de 2018. Se ha calculado el promedio de las cinco pruebas del examen Saber 11, a saber: Lectura Crítica, Matemáticas, Sociales y Ciudadanas, Ciencias Naturales e Inglés. Con el promedio de estos puntajes se han ordenado los colegios, desde el puntaje mas alto al mas bajo. El 30 de noviembre el ICFES publica la clasificación de los Colegios por Categorías de desempeño, para ello el ICFES utiliza métodos y criterios idóneos, como una menor ponderación al puntaje en inglés y la contemplación de las ultimas tres promociones de cada colegio. La resolución 503 del 22 de Julio de 2014 contiene toda la información al respecto y aclara que es una metodología diferente a la de los Resultados Agregados.
